Frequently Asked Questions

Can I arrange for services on an as-needed basis?

Yes. You can start and stop services whenever you want.

How do I pay for services?

Charges will appear on your monthly statement.

Why doesn't my Life Care contract pay for Catered Living?

Rather than spread the monthly cost among all residents, each individual is billed for the specific services provided.

What is the hourly fee?

The hourly fee is based on services as noted on the ancillary fee schedule. To provide flexibility and minimize costs, the fee can be prorated to increments as little as a quarter-hour.

Who provides the services?

Catered Living assistants employed by Meadowood and, when needed, home care agencies carefully vetted by the Catered Living Coordinator.

How do I arrange to have Catered Living?

Contact the Catered Living Coordinator, Tracy Murray, at ext. 1875. She will meet with you to suggest services to foster your independence and answer any questions you may have.
